

INVITATION SYMPOSIUM FEB 10-11, 2026

We cordially invite you to participate in our Anniversary Symposium "FUTURE - SUSTAINABILITY - SCIENCE", which will take place on February 10 and 11, 2026 at Leuphana University of Lüneburg. This event marks a special anniversary: the 15th anniversary of our School of Sustainability.

The symposium will address the current situation and future prospects of sustainability in society and science. It offers a unique opportunity to get in touch with selected experts from science and practice. We look forward to welcoming you to this important event.

15 YEARS SCHOOL OF SUSTAINABILITY

The program will be published soon and will include lectures, discussions and workshops dealing with the challenges and opportunities of sustainability science in research, teaching and practice. We invite you to share your ideas and experiences and to participate in the discussions.

Registration

- We look forward to welcoming you to Lüneburg from noon to noon on February 10 and 11, 2026, including a festive dinner on the 10th.
- For our further planning, we kindly ask you to register [here](#) by 15.09.2025.
