

The background of the poster is a photograph of a modern architectural scene. On the left, a tall, curved building with many windows rises against a blue sky with some clouds. In the foreground, a wide set of concrete steps leads up towards the building. To the right of the steps, a large, vibrant red structure with a hexagonal mesh pattern curves upwards. The overall color palette is dominated by the blue of the sky and the red of the mesh structure.

SUMMER SCHOOL: MEXperience

**Mexico
through time:**
A contemporary
Vision

July 21st to August 1st, 2025

WHY MEXICO CITY?

Mexico City is the capital of the country and one of the most important political, cultural, educational and financial centers of America. It is one of the 10 largest cities in the world, classified by *The New York Times* as "the metropolis that has it all". Mexico City is a cosmopolitan city, ideal for encounters with the historical past, a destination that offers a great cultural, gastronomic and architectural diversity.

WHY ANÁHUAC MÉXICO UNIVERSITY?

Anáhuac México University was founded 1964 as a fundamental piece of the educational project of the Congregation of the Regnum Christi with the objective of raising the human and social condition of Mexico's men and women by means of integral education.

Currently, has two campuses in México City: North and South. Due the high academic quality of our undergraduate and graduate programs, has 36 national accreditations and 24 international accreditations of the most prestigious institutions.

ABOUT THE PROGRAM

MEXperience is an academic program designed for undergraduate students, where they will have the opportunity to immerse themselves in the political, cultural and social context of Mexico, both inside and outside the classroom.

This course is specially designed to offer a unique perspective on Mexico's evolution throughout history, exploring how past events have shaped the country and their relevance in the contemporary global context.
