|                                  | * Especially for the universities indicated as "all available departments", please make sure that there is a <u>department (or at least courses) and related level</u> at the partner university corresponding to your department and level at METU. Students must be sure that the university they applied to offers education <u>on their level and in a relevant department</u> . Availability of a university in the online application form does not imply that the said university offers education in all the departments and on all levels of education. The fact that you are given the chance to apply for such universities does not guarantee that the university accepts you. |                                                             |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |   |
