IMPORTANT NOTES	**Please be careful that the list of the partner institutions can be updated during the application period !!!**
	*** These are the requirements sent by the partner institutions. Please note that NOT all partners sent their requirements and students must check the websites of the universities to learn more about their further requirements.**
	*** Especially for the universities indicated as "all available departments", please make sure that there is a department (or at least courses) and related level at the partner university corresponding to your department and level at METU. Students must be sure that the university they applied to offers education on their level and in a relevant department. Availability of a university in the online application form does not imply that the said university offers education in all the departments and on all levels of education.The fact that you are given the chance to apply for such universities does not guarantee that the university accepts you.**
	**** These are the useful links sent by the partner institutions. Please note that not all partners sent their links and students must check the websites of the universities to learn more about the institutions**
	While checking the University list, please be aware that some countries are available only for PhD-level students. This is the requirement of the Erasmus+ ICM Program and it is announced by the European Commission for the current 2023
