

Eduventure ViM Incomings Summer Term 2022

The Eduventure Virtual Mobility (ViM) offer of the University of Cologne (UoC) is addressing students from our numerous worldwide partner universities. It is an opportunity to experience one UoC online course without leaving your own campus.

Applying for the Eduventure Virtual Mobility Program will enable you to be enrolled for one specific course and grant you full access to this course. You would participate like any other student and share an intercultural learning environment. As these English-taught courses are regularly offered courses of the UoC, participants include regular UoC students, Erasmus exchange-students as well as international exchange-students. Beyond the knowledge transfer in a specific thematic field, you will be able to improve your communication and intercultural skills, amongst others.

Key Facts:

- Full access to one course of your choice (although numbers restricted)
- No enrolment fee
- Language of instruction: English (unless specified otherwise)
- European Credit Transfer Scheme (ECTS) points + Certificate of Virtual Mobility (upon completion of individual course requirements)
- Semester duration: 4 April 2022 – 15 July 2022

Pre-requisites:

- You need to be an enrolled student at a partner university of the UoC
- You need to have proof of English proficiency at level B2 or higher

Interested?:

- Check out the website
- Contact your International Office asap. They will need to nominate you by 25 February
- Once nominated, we will send you an online enrolment form.
- Courses will be allocated during the beginning of March and you will be contacted about the next steps.

Further info on our website. Please note, courses are still being added until the end of February. <https://portal.uni-koeln.de/international/studium-in-koeln/eduventure-virtual-mobility-incomings>
